## Al Ain University Participates in NAJAH 2014

In its eagerness to communicate with pupils in all fields, Al Ain University of Science and Technology participates in Al Najah Exhibition of the education and employment 2014 which determines under the trade of his Excellency Sheikh Nahyan bin Mubarak Al Nahyan, Minister of Culture, Youth and Community Development, which will be maintained in the Abu Dhabi Exhibition Centre between 28-30 October, 2014.

Through its participation in the exhibition, the university would communicate with the students and the parents as Al Najah Exhibition would be the space and opportunity for all students and parents to find out about the university's specialized programs and afford them more information on the offered programs through its stand at the fair, as well as answering all questions and queries for students interested in academic study or applying for a Master's degree and a Professional Diploma in Teaching.

The university proposes its eighteen Bachelor programs across the five colleges, namely the Colleges of Engineering and IT, Pharmacy, Law, Education and Humanities, and Social

Sciences and Business Administration. It also offers Master's programs in Public and Private Law, Business Administration and Teaching English in addition to the Vocational Teaching Diploma course of study. All of these programs are credited by the UAE Ministry of Higher Education and Scientific Research.
