Al Ain University participates in the 10th IEEE UAE Student Day

The College of Engineering and IT at Al Ain University of Science and Technology attended the 10th Student Forum for the IEEE-UAE Branch at the Petroleum Institute in Abu Dhabi, where 12 other universities participated in the assembly. It was organized by the UAE IEEE branch with the active support of IEEE student supervisors sect in all institutions. Their participation in which has been a competition from various educational institutions by paying out 21 prizes in five categories of projects on a joint design venture, Engineering design, advanced design, software engineering and community help projects.

The ones who participated in the forum from AAU are: Dr. Nazih Khadaj Mallat (Deputy Dean of the College of Engineering and IT and Steering Committee Member of the 10th IEEE UAE Student Day), 3 groups of students who were part of the competitions, 4 members of instructors of the Jury Committee and 10 student visitors.

Dr. Nazih Mallat stressed that this case was a singular chance for the students to partake in their knowledge and experience with pupils from other establishments, and this certainly will

enhance the culture of rivalry among the students in the College of Engineering and IT.
