Awareness Lectures on Family Issues and Resolution Strategies in AI Ain University

Organized by the Deanship of Students Affairs at the AI Ain University of Science and Technology, based in Al Ain, an awareness lecture entitled "Family Issues and Resolution Strategies" by the Attorney Advisor, Abdulla Al Kaabi, who noted the importance of developing a solid pedigree of a healthy family that is able to meet the challenges of the future. The lecture was attended by a number of academic and administrative bodies and university students.

During the lecture the Advisor stated that a safe and a well-being of a family has a strong impact on the well-being of the community. On the other hand, a collapsing family would risk the society because the family will fail to perform the main key roles, namely proper socialization and social control.

He also noted that the family is the first and the most important human institutions that can be achieved with the cooperation between a man and a woman, their motives in this are subjective and hence the legislation on marriage, which is a sacred relationship between a man and a woman will produce offsprings who are influenced by that relationship, whether positively or negatively.

In conclusion, a session of interesting questions and dialogue between took place between the attendees and the Advisor. He also noted that he offers free counseling for those interested in family areas, and it's open to all university students to connect with and make use of this service.
