Presentations on Electronic Resources at AAU

Khalifa Library, Al Ain Campus, organized two presentations about Turnitin, education and nursing education in videos. The presentations, held on Sep. 29 and Oct. 6, 2011, are part of the Library's ongoing contribution to introducing the latest educational technologies for the purpose of facilitating the learning and teaching processes. The main objective of the presentations was to introduce Turnitin databases to faculty members and familiarize them with how they can be utilized in teaching and research activities, namely grading and detecting plagiarism. Thirty four faculty members representing the five colleges attended the presentations.
