## Continuing Education Center Holds Introductory Presentation

The AAU Continuing Education Center, in cooperation with the Deanship of Student Affairs, held a presentation for the faculty members, staff, and students about the services provided by the Continuing Education Center and the internal and external courses organized in collaboration with certified instructors holding academic qualifications and training experience.

Mr. Zeydoun Hatamleh, Director of the Continuing Education Center, presented an overview about the center's activities and the training courses offered. He also highlighted the importance of enhancing students' capabilities and developing their professional skills through various training courses that depend on a needs analysis and the adoption of a global training curriculum to maximize the benefits.
