Event of Healthy Nutrition at AAU

The Deanship of Students Affairs at Al Ain University of Science and Technology, based in Al Ain, organized a workshop on the effectiveness of health on the occasion of World Food Day in cooperation with Abu Dhabi food control authority, in the presence of members of the academic and administrative bodies and a routine of university scholars.

And Mr. Abdullah Ali Al-Hamidi from the food control authority of Abu Dhabi presented a talk on food safety regulations and offered advice along with the correct rules and ways to store food for the bar of the proliferation of germs and diseases and also talked about food poisoning and its symptoms, causes and prevention.

Mr. Al-Hamidi answered all of the attendees' questions and queries at the terminal of the lecture in addition to giving advice on food safety and the distribution of leaflets and booklets for this issue.
