Students' Visit to the Penal and Correctional Institution

In the spirit of interaction with the local community and to complement the practical application of the side of the course teaching at the College of Law, organized a study visit to the Penal and Correctional Institution.

The visit included a tour of the institution's facilities, where the scholars were introduced to the nature of the work and affairs of the departments and other sections where the inmates check in, as well as the facilitation to ease the plans for their reclamation and rehabilitation.
