Training Course for Abu Dhabi Science Festival Guides in Al Ain University

The Deanship of Students Affairs at the Al Ain University of Science and Technology, based in Abu Dhabi, organized a training course for tour guides for the Science Festival in cooperation with Abu Dhabi Technology Development Committee.

The course included training of university students for counselling and a range of scientific experiments designed to boost self-confidence and communication skills among the students with interesting style to inspire a young genesis of future scientists.

The trainers focused on offering science and technology as a neat means to increase students' understanding and explain its benefits in their daily lives, and then promote them to future study in science-based vocations.
