A Lecture on "Project Management and Decision-making" in Al Ain University

Coordinated by the Deanship of Students Affairs at Al Ain University of Science and Technology, in cooperation with the College of Business Administration, a lecture on "Project Management and Decision-making" was held at the university. It was presented by Mr. Muhammad Lutfi from Al-Husn Gas Co., in the presence of a number of academic and administrative bodies and university scholars.

The lecture included various topics, and among them was Al-Husn Gas projects in an area called 'Liwa', located in the Emirate of Abu Dhabi, which is one of the largest projects completed in UAE, spanning over 30 years of study, coordination and carrying out. The talk was accompanied by a discussion involving many faculty and students' questions related to the skills of project directors and decision makers.
