## **Al Ain University Launches the First Master's Program in Clinical Pharmacy in Abu Dhabi**

Al Ain University of Science and Technology has launched the first Master's course of study in Clinical Pharmacy of its sort in the Emirates of Abu Dhabi. It will be with effect from the second term of the current year 2014/2015, as this program is very demanding in accordance with the higher educational institutions in Abu Dhabi, for it fills the demands of the local market of eligible pharmaceutical executives with the latest developments in this dynamic sector, and where the admission of the first batch is with the beginning of the succeeding academic year.

Dr. Noor Aldeen Atatreh, the AAU Chancellor, clarified that the entrance requirements for the Clinical Pharmacy program in the university should include the Bachelor of Pharmacy from a recognized university with an advanced level in English. The program runs for two years, including practical training in approved treatment centers and hospitals so that the pupils would acquire the essential requisite skills and clinical experiences.

Dr. Noor added that the number of pupils who applied to the Clinical Pharmacy program in the first batch has passed all expectations. In this case, the admission will be confined to a certain number of students in all the elements of the required quality and enhanced competitiveness for pointing out that the excerpt of the staff members is distinguished in Clinical Pharmacy.
