## Al Ain University participates in Achieving Sustainability in a Changing Climate

The Abu Dhabi campus of Al Ain University of Science and Technology participated in the scientific symposium on "Sustainability of Resources under Climate Changes". It was formed by the Khalifa Educational Award Seminar for educational outreach on environmental issues so as to raise the capacity of staff in the area to understand the alterations taking place in the universe, in particular the issues of mutual concern, such as environmental issues as in climate changes, which is one of the major challenges confronting the globe in the coming decades.

The participation of Al Ain University of Science and Technology in the symposium was in the bearing of the Assistant Dean of Students Affairs, Dr. Iyad Abdel Majeed, Department Head of Public Law, Dr Abdalla Hijeyieh and Mrs Siham Qura.
