Lecture on the 'End-Note Program' in Al Ain University

The College of Business Administration, based in Abu Dhabi, organized with the Deanship of Students Affairs at AlAin University of Science and Technology a lecture on "End-Note Program" presented by Dr. Ahmed Ghandour, a staff member of the College of Business Administration. The talk was attended by a number of staff members in the College of Business Administration, during which he went over the importance of the program and how to employ it in writing, management of references in scientific papers of several sorts and how to create libraries (reference databases) into the information processing system.
