AAU organized a workshop about the Social Support Centers in UAE

As part of the professional Development Units' aim to build engagement with the outsiders, The Professional Development unit of Al Ain University of Science and Technology arranged a presentation about Social Support Center services by Major Mohamed Nasser Al Ketbi -Administrative Support Manager.

The presentation provided the faculty and the staff more information about the aims, goals and services which Social Support Centers provide to tackle the challenges that students and staffs can face in the UAE society. Also, the presentation provided information about the challenges that can contain and overcome when the civil society organization jointly collaborate with Abu Dhabi Police, represented by Social Support Centers.

On his side, Dr. Adel Ahmed, director of Professional Development Unit stressed that the session will help the university faculty and staff to support our students to sign and post them regarding the social support and psychological assistance which will have an impact on our students' learning achievement at the university.
