A Delegation from AAU visit the Emirates Palace

In the context of further enhancing the educational experience of the AAU students and prospering scientific research, a delegation from Al Ain University of Science and Technology, Abu Dhabi Campus, represented by Dr. Amer Qasim, AAU Vice President and accompanied by Dr. Hasan Ismail and Dr. Ahmad Ghandour, visited the Emirates Palace, where they were received by Mr. Holger Schroth, the General Manager of Emirates Palace.

The two parties discussed the potential future cooperation that aims to maximize the prospect to exchange information, share ideas and to identify opportunities for sustainable collaboration in the fields of education, community engagement, and scientific research.

The AAU Vice President stressed that this collaboration is critical for skills development, through the organization of educational seminars and training opportunities, as well as the generation, acquisition and adoption of knowledge, through innovation and technology mutual transfer.

Dr. Amer Qasim extended his sincere appreciation to Emirates Palace and honored Mr. Holger Schroth, in recognition for their continuous efforts in conducting educational seminars for the College of Business students and wishes to further extend these seminars to encompass all other colleges in the university.
