A presentation on new medicine for “Narcolepsy” disease at AAU

The College of Pharmacy at Al Ain University of Science and Technology hosted Prof. Holger Stark -Institute of Pharmaceutical and Medicinal Chemistry- in Heinrich Heine University Dusseldorf, Germany. Where he presented a lecture in the Medicinal Chemistry field for the academic staff of the college, in the presence of Dr. Khairi Mustafa –Dean of the College of Pharmacy.

Prof. Stark presented some of his researches where he was able to invent a new medicine for Narcolepsy disease which recently obtained the approval from the European Medicine Agency.

At the End of the lecture, a discussion was held between the academic staff and the lecturer where he answered all the questions and illustrated the features and characteristics of this medicine comparing with other medicines for the same purpose.

Prof. Stark visited the college facilities including the Pharmaceutical and Medicinal chemistry laboratories. He thanked the College of Pharmacy and Al Ain University of Science and Technology for hosting him and expressed his desire in collaborating with the faculty members of AAU in the scientific research field.
