A Scientific Visit to the Fertilizer Factory for AAU Students

The College of Pharmacy at Al Ain University of Science and Technology, Abu Dhabi Campus, organized a scientific visit to the AD Fertilizer Factory for the students of the Science and Life course, under the supervision of Ms. Kawthar Kayed.

The aim of the visit is to raise awareness among students about environmental protection and the importance of recycling, especially the agricultural waste recycling which is used in the fertilizer production. In addition to that, the students visited the lab to identify the steps of the fertilizer production.
