AAU students visits Tawam Hospital to revive "The World Child Cancer"

Anxious to raise awareness, provide psychological and moral support to the sick children, the Deanship of Student Affairs at Al Ain University of Science and Technology – Al Ain Campus-organized a visit to Tawam Hospital in Al Ain, on the occasion of "World Child Cancer".

The aim of the visit is to participate with children, bring joy to their hearts, and to inspire their spirits during their healing process.

The students toured around the various hospital sections, They visited the children having cancer from who are from different age groups, they interacted and played, gave them gifts, in

an atmosphere of joy and happiness, they even took some photos.

Both, the sick children and the students, expressed their happiness because of the visit, and wished that it would be replicated soon.
