## **AAU promotes communication with students in "TAWDHEEF 2018"**

Al Ain University of Science and Technology participated in the 12th edition of "TAWDHEEF 2018" exhibition, which held at the Abu Dhabi National Exhibition Center from January 29 to 31, organized by Informa Exhibitions and in partnership with the Department of Economic Development in Abu Dhabi.

The participation of Al Ain University in the exhibition comes with the belief in the importance of direct communication with students to introduce the university's programs and services, In addition to, providing training programs which helps them to develop their skills.

The exhibition will contribute to enhance communication skills and exchange of experiences among students by meeting professional experts.

It is worth to mention that, AAU booth received a great number of students.
