AAU raise a slogan “Don’t be deceived” to aware about electronic crime

The College of Business at Al Ain University, Abu Dhabi campus, organized an awareness session on information security for the students, presented by Mr. Abdulaziz Abdullah from Telecommunication Regulatory Authority (TRA) entitled “Don’t be deceived”.

The aim of the workshop is to inform students to the best practices in which they can reduce the risks and threats to information systems and its databases. This is in line with the college of Business objectives of developing students’ scientific capabilities.

At the end, Dr. Ahmad Ghandour thanked Mr. Abdulaziz for his valuable information and to the TRA who kindly responded to the college request. Dr. Ahmad hoped this will open doors for future cooperation between the two institutions.
