The World Food Day promotes health awareness about the food importance

The Deanship of Student Affairs, in cooperation with the Abu Dhabi Agriculture and Food Safety Authority, organized an awareness event, coinciding with the World Food Day, celebrated throughout the world with the aim of promoting public awareness towards the importance of food, and encouraging people around the world to combat hunger.

In this context, the Abu Dhabi Agriculture and Food Safety Authority provided a series of tips to raise awareness about the importance of food and a healthy diet, in addition to a competition to test students' knowledge about food and its storage methods.
