A competitive tournament around the chess table among (AAU) students

The Deanship of Student Affairs at Al Ain University (Abu Dhabi Campus), in cooperation with the Abu Dhabi Chess and Mental Games Club, organized a chess championship for the university students.

The championship consisted of four rounds with the participation of a group of students from various colleges. The player Ahmed Al-Qasim from the College of Engineering won the championship, after winning four consecutive matches, and the second was secured by the student Carl Castro from the same college.

It is worth mentioning that Dr. Hani Al-Jarrah, Deputy Dean of Student Affairs, honored the winning students and presented appreciation certificates to the international referees from the Abu Dhabi Chess and Mental Games Club.
