"Join the Arduino Adventure" A workshop by Engineering College

The College of Engineering at Al Ain University (Abu Dhabi Campus) organized a workshop entitled "Join the Arduino Adventure!" presented by Eng. Huda AlHeeh.

The workshop aimed to equip students with the skills necessary to create their own Arduino projects, where it included an introduction to Arduino, training in Arduino programming using the Arduino IDE, and an introduction to programming concepts in C and C++.

The students successfully implemented impressive projects such as a Smart Parking system, LED Flowing Lights, a solar tracker project, RGB LED blinking, and an Active buzzer distance indicator using an ultrasonic sensor.

The workshop concluded with a stimulating competition, where Aya Abdul Wahed and Zahra Alhashmi emerged as the winners after evaluating their projects.
