## **A health event entitled “How to protect your heart?”**

The Deanship of Student Affairs at Al Ain University (Al Ain Campus) organized a health event entitled “How to protect your heart?” On the occasion of World Heart Day, in cooperation with Mediclinic Hospital, and in the presence of members of the academic and administrative staff and number of students.

The event included an awareness lecture presented by Dr. Ahmed Diop (a cardiologist at Mediclinic Hospital), in which he talked about heart diseases, their symptoms, treatment, and ways to prevent them, in addition to providing free tests for blood pressure, sugar, and cholesterol, providing free consultations and advice, and gifts were distributed.
