Al Ain University Participates in Najah Al Ain 2026

Al Ain University participated in Najah Al Ain 2026 as part of its ongoing efforts to engage with prospective students and introduce them to the University's diverse academic programs and educational opportunities.

Through its participation, the University showcased its diverse academic portfolio, offering 30 accredited bachelor's degree programs, 14 accredited master's degree programs, two professional diplomas, and three Ph.D. programs across its colleges of Engineering, Pharmacy, Law, Education, Humanities and Social Sciences, Business, Communication and Media, Dentistry, and Nursing. The participation aimed to help students explore educational pathways that align with their interests, abilities, and future career aspirations.

The University's stand welcomed school students and parents, who had the opportunity to communicate directly with representatives of the Student Recruitment and Communication Unit. Visitors received information about academic programs, admission requirements, registration procedures, and available scholarship opportunities.

The University’s representatives also introduced visitors to the facilities, student services, and extracurricular activities offered at its Abu Dhabi and Al Ain campuses, highlighting the supportive learning environment provided to students throughout their academic journey.

Al Ain University’s participation in Najah Al Ain 2026 reflects its commitment to strengthening communication with the school community and supporting prospective students in making informed decisions about their higher education. It also underscores the University’s continued efforts to prepare future generations with the knowledge and skills needed to achieve their academic and professional goals.
