Community Engagement

Although the Admission and Registration Unit is all about serving the students already, it does not believe it is enough. The Unit exerts all effort in trying to find windows of opportunities through which it can help out in the betterment of the local community. These activities include:

- Exchanging information with embassies and public bodies regarding statistics and prospects.
- Accepting interns and working closely with them to provide them with the best training possible.
- Cooperating with other academic institutions regarding registration systems and processes.
